This short list is primarily intended to serve as a communication from us to each of you before our next list in February of 1986. By then, we will be nearing completion of our April-May auction catalogue. As of now, we have no substantial consignments of unusually desirable material for that sale. It will be hard to produce an encore to our September sale but we must try. So if you are thinking of selling your collection or exciting individual items, we would like to speak with you. Write us with a basic outline and Freeman will reply by letter or phone. You will be happy with our terms and rates.

Secondly, some clients have not communicated with us for the past two years or so. Please do so or this may be the last list received from us. Since about 67 bidders in our last sale had been inactive for at least one year, we feel this is a worthwhile note.

Our September sale was much more successful than we had expected. 219 bidders participated and 186 obtained at least one lot. The gross was over $200,000 and we received an unusually large amount of "unsolicited" praise and expressions of satisfaction. It was a rewarding experience and did lead us to conclude that the market is getting stronger.

With regard to this list, I suggest writing rather than calling as Freeman will be gone for most of November, December and early January. Also, substantial orders deserve discounts and such can be arranged (by letter).

A final comment: 1985 was a much better year for our company than 1983-1984. We enjoyed the business once again, the mood is more optomistic and our phone is ringing. It looks like 1986 could be a "winner"; we hope to share it with each of you. So do keep in contact...
